Quality cookware since 1993

## SHAGUN Bottles

We use 202 grade 100% Stainless Steel Bottles which are food grade safe and store liquids without adding any adulteration and maintain the safety that everyone requires.

### BPA Free

All our bottles are made of high-quality Tritan, a material which does not contain the harmful bisphenol A compound, which is often found in disposable plastic bottles and increases the risk of disorders and allergies and also cancer.

How do you they could be more plastic in the ocean and fish single-use plastic bottle third largest ocean brush item and take up to 450 Years for one bottle to a breakdown in the ground.

Also when plastic bottles are stored in open sunlight Devudu exposed hit the plastic and releases harmful compounds into the water which are very injurious to human health.

Quality cookware since 1993

## Anti-Slip Curve Base

Our **rounded bottom** and elevated base provides ShAGUN Bottles **more stability** and considerably **reduces the noise** that bottles make on contact with surface.

## Easy Clean Mouth

SHAGUN understands your need for **hygiene** so it provides you a wide mouth which is **easy to clean** and allows you to **store Ice** on the go.

## Special Beaded Caps

Our caps come with beaded inner moulds the cap **cannot be separated**, say goodbye to cap **separation problems**.
